

How to Study the Bible – BT 201

This course will teach the foundational principles and tools of biblical interpretation. This course will include interpretation and application methods for the Gospel narratives, the book of Acts, the Epistles, and parables. The principles, tools, and practices that we examine will enhance your ability to interpret Scripture for study, for ministry, and for personal life. This course will be approached as a science, an art, and a spiritual activity.

TOPICS COVERED:

- How to study the Bible: The Basics
- The Seven Sins of Biblical Interpretation
- Epistles
- Gospel Narrative
- Parables
- New Testament Poetry

Facilitator: David Seal
