

Core – MT 101

- Do you struggle when sharing your faith?
- Do you feel like you need to know more before you're ready to lead others to Christ?
- Have you ever seen someone come to Christ and felt inadequate to help them grow in their new found faith?

Come and join us as we explore what it means to embrace a lifestyle of both evangelism and discipleship.

Evangelism

As we study evangelism, we will look at the “Living Proof” videos. Through these videos we will learn how to incorporate evangelism into our *everyday lives*. The videos follow the lives of Bill and his wife, Jackie, as they reach out to their new neighbors, Jerry and Linda. Important concepts will be displayed, including:

- How to live out a good testimony
- Strategies for sowing the Word
- Teamwork
- Spiritual Resources
- Mini decisions
- How to help someone make a decision for Christ

As you watch the videos, you will see firsthand how to reach others for Christ naturally.

Discipleship

As we study the process of discipleship, we will read through the book The Master Plan of Evangelism by Robert Coleman. We will learn *how to disciple others effectively*. This book looks at how Jesus did ministry and pulls out his strategies so that we can apply them today.

Core teaches you the foundational aspects of ministry. By understanding these concepts, you will have the tools to live a fruitful life of ministry—proclaiming Christ to the world around you and growing other Christians to maturity. **We hope you join us as we grow in this area of life!**
