

Bible Exposition Training – BT 202

This course is a combination of our How to Study the Bible and Growth Groups courses. This group is open to anyone interested in learning how to better understand the Bible and share it with others. It is not limited to those interested in or already leading groups.

In this course, we will focus on some basic principles to help you understand how to understand and apply the Bible to your own life and share it with others in one-on-one and group settings.

TOPICS COVERED:

- Staying on the Line
- Letting the Text shape our Framework
- Finding the Structure of a passage
- Understanding a passage in its various Contexts
- Hearing the Melodic Line of a book of the Bible
- Seeing how each passage of Scripture Connects to Christ
- Moving from the Ancient Text to our Audience Today

This course is run in a workshop style. So, if you choose to come...come to work! Make sure you bring your Bible (ESV, NASB, or CSB if possible). In addition to working through these principles together, you will be assigned various passages to work through on your own and share with the class so that we can sharpen one another.

Our goal is not to become experts, but to make progress in our ability to handle the Word of God (1 Tim. 4:15; 2 Tim. 2:15)!
