

The Engagement Project – MT 310

The Engagement Project is a follow up study to Dr. Del Tackett's Biblical worldview teaching, including The Truth Project, Who Is Jesus, Cross Examine and Is Genesis History. Essentially, this series' ten 50-minute video tours focus on the crown jewel in the nature of God, and seeks to answer two important questions, "Why did Jesus leave?" and "Why does God send?" The answers to these two questions reveal what God has called us to do.

The Engagement Project will help us understand where we are in God's Meta-Narrative and His incredible vision-- that He has entrusted the primary work of the Kingdom to the common, everyday Christian. As a result, this series will also answer another question, "What should we do?" The answer to this question may astound you.
