

Women's Discipleship Training – MT 311

This class is designed to help you feel confident in your knowledge of scripture as we look at the big themes that underlay our belief system, better equipping you to feel confident in coming alongside those God brings into your life.

Visual Theology:

Our textbook, *Visual Theology*, is all about seeing and understanding God. We live in a visual culture. Today, people increasingly rely upon visuals to help them understand new and difficult concepts. This book examines the concepts and principles of systematic theology in beautiful, and informative way. Take a fresh look at the deep truths of the Bible in a way that can be seen and understood by a visual generation.

Building on this foundation we will discuss the importance of women discipling other women and how we can implement discipling into the everyday rhythms of our lives.

We will be listening to some great resources in this class by Jen Wilkin, Gloria Furman, Nancy Guthrie, Megan Hill, Kristie Anyabwile, and others, along with times of discussion and personal testimonies. There will be no written homework assignments, but we will encourage you to put into practice what we discuss in your everyday relationships.

It is our prayer that each student will gain confidence in their ability to draw alongside others to compassionately use Gods Word to encourage, instruct and model Christ to others.
