

We Will Not Be Silenced– SF 220

We see the negative effects of the woke and cancel culture all around us. We need to be “wise as serpents and innocent as doves.” Matthew 10:16. Dr. Lutzer’s book, “*We Will Not Be Silenced*,” brings these issues to light with a Christian worldview and perspective of how to navigate the post-Christian world in which we live. This book will help provide a framework to learn how America’s values have eroded and what we can do to strengthen what remains. It is a wake-up call for the Church to be the salt and light (Matthew 5:13-16) that our country so desperately needs. There is still time to restore our nation’s foundations of faith, family, and freedom.

TOPICS COVERED:

Each chapter of the book addresses key cultural issues and emphasizes how we can respond Biblically. For example, Dr. Lutzer covers:

- How our Judeo-Christian values and America’s foundation of faith and freedom are being eroded.
- Why DEI and Cancel Culture are such damaging and divisive cultural ideologies.
- How media propaganda purposefully perpetuates a fake reality to deny truth.
- The disturbing partnership between secularism and radical Islam.
- How we can properly respond to America’s cultural battle and fight these spiritual battles.

We can do all things through Christ (Philippians 4:13). We can look to those who have fought battles before us and can be reminded to be strong and courageous because God is always with us (Joshua 1:9). We must speak truth, without fear or shame. We must not be deceived, and we must not deceive others. We must expose evil and lies without being afraid of opposition and offense.
