

South Church Impact Lansing Expectations

Please go over the following rules with your student to ensure that they will abide by them. They need to read and sign to show that they understand and will abide by them. **Bring this signed paper to check-in (or drop off to Jessica beforehand).**

- **Medications** need to be turned in at check-in with instructions for each medication (how much, when taken, etc.). One of our leaders will pass out meds in the morning during breakfast. If there are further needs, please contact Jessica.
- **Meals** are not optional. Because we are doing lots of hard labor and games in hot temperatures outside, students will be expected to eat and drink enough to sustain them. Please encourage picky or absent eaters to take care of their health! If our leaders notice consistently poor eating habits, leaders will contact parents, and the student could be sent home (at any point in the week, without refund).
- **Showers** will happen at Great Lakes Christian College. They will be offered as an option every night (after Chapel, students will get into vans and be driven there and back), but students are required to shower at least every other day. They will not have access to showers at the church.
- **Sleeping** is also not optional! It's a long week and the students will be expected to remain in bed once lights are out, and until 7 am. Even if they are not asleep, their bodies need to be resting. It's also important to be considerate of other students in the shared room, so quiet hours will be observed.
- **Technology:** Read through the packing list to find out what you'll need to bring, but also what NOT to bring. We do NOT allow any phones, computers, or iPad/tablet devices. If your student needs white noise to fall asleep to, we'll have a fan in the room, or you can load some tracks onto your old iPod or MP3. 😊
- **Behavior:** Throughout the week, your student will be expected to sit through Chapel teaching/worship and small group times, participate in team games, and work diligently at the service projects. Please remind them that they will be expected to listen and respond respectfully to any and all adults/volunteers (Impact Lansing leaders, service project directors, kitchen servers, game teens, etc.). Disrespectful or inappropriate words or behaviors toward leaders or other students will be addressed by church leaders, and if continued, can and will be reason to send a student home (at any point in the week, without refund).

Remember that regardless of how other attending churches handle expectations for their students, these are the expectations for students attending through South Church. Students are always encouraged to talk to Joel or Jessica if they have any issues throughout the week.

- ☐ I have read and understand the expectations above and will abide by them to ensure that Impact Lansing is an awesome week for everyone!
